

Amity Institute of Information Technology  
WEEKLY PROGRESS REPORT (WPR)

For the week commencing: May 14, 2018

WPR 1

Enrollment Number: A2372016006

Program: BTech 5CSE 3 Continent

Student Name : Tanya Jain

Faculty Guide's Name: Mrs Divya Misra

Project Title: Developing React Native mobile applications for ASET ALiAS Club.

#### TARGETS SET FOR THE WEEK

Understand the needs of mobile app development and the current trends in the market. Try out various technologies available and find the apparently best fit for the time being.

#### PROGRESS/ACHIEVEMENTS FOR THE WEEK

- Read code and documentation on mobile app development with java, kivy in python, django-for-android in python, native and hybrid app development.
- Chose React Native as my go to technology for this project.

#### FUTURE WORK PLANS

- Work on React.js, React Web and basics of React Native.
- Start developing the app for ASET ALiAS.
- Design the app
